QLD GOVT RAILWAY INDEX TO STAFF EMPLOYED IN VARIOUS DEPARTMENTS & STATIONS 1889-1912

The Qld Government Railway employed a large number of people during the development of the Rail System. These 12 Registers have been microfilmed by Queensland State Archives and these films are available in their Public Search Room. An index to these records will allow researchers and historians the ability to discover who worked where and in what capacity.

These Registers cover Departments, Branches, Stations and Railways and cover a wide variety of positions including but not limited to clerical staff, engineers, mechanics, boilermakers, coachbuilders, strikers, station masters, porters, signalmen, gangers, gatekeepers, cleaners, oilers, drivers etc, etc.

The Departments are Commissioner's Staff, Chief Mechanical Engineers, Traffic Branch, Maintenance and six Registers of staff employed from 1889 – 1895. They cover all parts of Qld and the Index contains over 33,000 entries in alphabetical order by surname.

This resource is available on CD-ROM and sells at \$33.00 (GST and p+p incl).

- Payment by direct debit is preferred -
